

What is TravelPay?

What is TravelPay?

With TravelPay, you can lock in the exchange rate, the best price, 'early bird' and other deals NOW without the big upfront cost. You pay for your travel over 3 or 5 interest-free monthly instalments on your credit / debit card. You don't have to apply for a loan or a separate card.

This is the affordable and convenient way to pay for your travel. It helps you manage your budget and cash flow.

You can use TravelPay for any travel booking, as long as your last instalment is at least 45 days before your departure date.

How does TravelPay lock in the exchange rate and best price?

TravelPay forwards the full amount of your travel costs to your Travel Agent upfront. This locks in the price and exchange rates.

What does TravelPay cost?

Other than an establishment fee of \$100, you pay no more than you would if you paid the whole cost of your holiday upfront.

For example, if your holiday costs \$3,000, you can elect to pay at \$1,000 per month over 3 months, or \$600 per month over 5 months.

Standard card processing fees apply. 2.5% incl. GST.

Which of my cards can I use with TravelPay?

Visa or MasterCard credit or debit cards.

How to arrange TravelPay

It's simple...

- Step 1:** Your Travel Agent makes your reservation
- Step 2:** You and your Travel Agent complete the enclosed form and send it to TravelPay by fax or email
- Step 3:** TravelPay processes your first instalment and the establishment fee to your card and then forwards full payment for your travel to your Travel Agent
- Step 4:** Your travel agent confirms your travel booking
- Step 5:** After your final instalment has been paid, TravelPay notifies your Travel Agent and they will release your travel documents.

What if I need to change or cancel my booking?

If your booking terms permit, you can arrange any minor changes with your Travel Agent.

If you need to cancel your booking or make major changes, advise TravelPay and your Travel Agent. Using TravelPay does not alter the cancellation terms of your booking. If you cancel, **you will receive a refund of your instalment payments less any amount that is non-refundable by the Travel Agent or supplier.** TravelPay establishment and card processing fees are non-refundable and there is a TravelPay cancellation fee of \$250.

We strongly advise you to arrange travel insurance as recommended by your travel agent to cover you for unforeseen circumstances outside your control - if your travel has to be cancelled or rearranged, or to cover you for lost luggage, medical expenses, changing travel arrangements, etc.
